

# INTERMEDIATE FIXED INCOME

FACT SHEET | June 30, 2017

## STRATEGY

- Use relative value strategy for security and sector selection
- Focus on income rather than market timing of interest rates
- Conduct proprietary, equity-like fundamental research
- Emphasize disciplined, risk-managed investment approach

- 1) Denver Investment Advisors LLC (dba Denver Investments) is an independent investment advisor registered with the Securities and Exchange Commission under the Investment Advisers Act of 1940. Denver Investments provides fundamental investment management services to various institutional and private investors and mutual funds.
- 2) This composite was created in January 1983 (style inception was 5/1/1977). All returns are computed using a time-weighted total rate of return. The composite is defined to include all fee-paying, discretionary accounts that are managed according to the Intermediate Fixed Income strategy. The composite includes all actively managed fixed income accounts that are managed to the Bloomberg Barclays Intermediate U.S. Gov/Credit Index and primarily invest in investment-grade securities with maturities less than 10 years. The Bloomberg Barclays Intermediate U.S. Gov/Credit Index benchmark is an unmanaged index that includes fixed rate debt issues rated investment grade or higher by Moody's Investors Services, Standard & Poor's Corporation or Fitch Investor's Service. Index returns are not covered by the report of the independent verifiers. The name of the composite was changed from Intermediate Bond to Intermediate Fixed Income on 1/1/2007. Bloomberg Barclays is the source and owner of the Bloomberg Barclays Index data contained in this material and all trademarks and copyrights related thereto. Any further dissemination or redistribution is strictly prohibited. Bloomberg Barclays is not responsible for the formatting or configuration of this material or for any inaccuracy in Denver Investments' presentation thereof.
- 3) Gross of fee returns are calculated gross of management and custodial fees and net of transaction costs. Net of fee returns are calculated net of management fees and transaction costs and gross of custodian fees. As of 1/1/15, net of fee returns were calculated by deducting the maximum applicable advisory fee in effect, pro-rated on a monthly basis. From 1/1/08 to 12/31/14, net of fee returns were calculated by deducting the maximum applicable advisory fee in effect, pro-rated on a quarterly basis. Prior to this date, net of fees returns were calculated using actual annual client fees, pro-rated on a quarterly basis.
- 4) The dispersion of annual returns is measured by the standard deviation across unweighted portfolio gross returns represented within the composite for the full year.
- 5) Valuations and returns are computed and stated in U.S. dollars. Performance is calculated net of withholding taxes on foreign dividends and interest. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Total returns for accounts are presented using the accrual basis of accounting for all fixed income and equity investments and on a cash basis for all cash equivalents.
- 6) Denver Investments claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Denver Investments has been independently verified for the periods 1/1/84 – 12/31/16. Verification assesses whether the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. The Intermediate Fixed Income composite has been examined for the periods 1/1/84 – 12/31/16. The verification and performance examination reports are available upon request. A complete list and description of all firm composites is available upon request.
- 7) The maximum fee rate is 0.30%. As of 3/31/2016, the maximum fee was decreased from 0.45% to 0.30%. Please reference Denver Investments' ADV for full fee schedule.
- 8) Policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request.
- 9) Past performance does not guarantee future results and future performance may be lower or higher than the performance presented.
